

Silver Sponsor

QLogic has a decades-old relationship with HP and continues to provide the company with differentiated technology for HP servers and storage. QLogic is the #1 provider to HP for Fibre Channel, Enterprise Ethernet adapters for HP Servers and Target adapters for HP storage. This includes Fibre Channel, Ethernet, FlexFabric, and Converged Networking technology. HP also relies on QLogic for innovating switching technology for HP Virtual Connect and Direct Attach for 3PAR solutions. QLogic is proud to be the leading I/O technology provider for HP's industry-leading ProLiant, BladeSystem, and Integrity servers, as well as HP storage solutions.
